Introductory note

This introductory note does not form a part of the notice

The following notice gives notice of the variation of an environmental permit.

This variation extends the installation boundary to include the Leeds Pro-Fibre installation area which is a technically linked activity to the Leeds Recycling and Energy Recovery Facility. The Leeds Pro-Fibre installation is operated by Veolia ES (UK) Limited under permit EPR/BP3931RJ.

Conditions have been added and amended within the permit to incorporate the now multi operator installation and to include conditions on fire prevention.

The schedules specify the changes made to the original permit.

The status log of a permit sets out the permitting history, including any changes to the permit reference number.

Schedule 1 – conditions to be deleted

None

Schedule 2 – conditions to be amended

The following conditions are amended as a result of the application made by the operator

1.2 The site

- 2.1.1 The activities shall not extend beyond the site, being the land shown edged in green on the site plan at schedule 7 to this permit, which is within the area edged in red on the site plan that represents the extent of the installation covered by this permit and that of the other operator of the installation.

Schedule 3 – conditions to be added

The following conditions are added as a result of the application made by the operator

1.1 Multiple operator installations

- 1.1.1 Where the operator notifies the Environment Agency under condition 4.3.1 (a) or 4.3.1 (c), the operator shall also notify without delay the other operator(s) of the installation of the same information.

3.7 Operating techniques

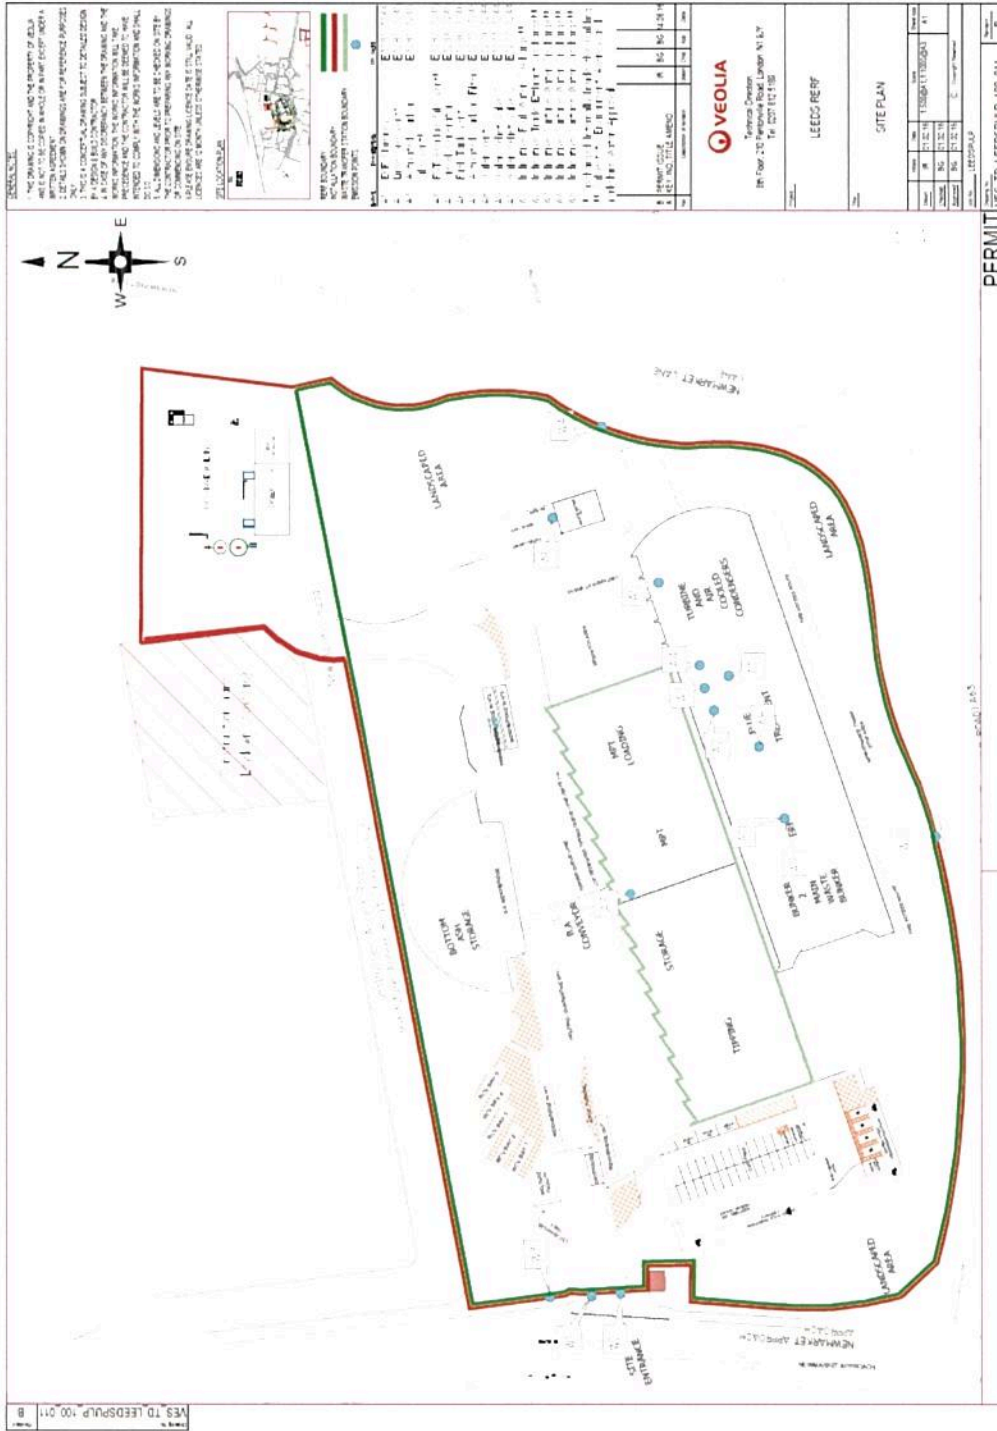

- 3.7.1 The operator shall take all appropriate measures to prevent fires on site and minimise the risk of pollution from them including, but not limited to, those specified in any approved fire prevention plan.

- 3.7.2 The operator shall:

- (a) if notified by the Environment Agency that the activities are giving rise to a risk of fire, submit to the Environment Agency for approval within the period specified, a fire prevention plan which prevents fires and minimises the risk of pollution from fires;
- (b) implement the fire prevention plan, from the date of approval, unless otherwise agreed in writing by the Environment Agency.
